

# Bug Hunter Cub Camp

In a few months, school will be out for the Summer. Your children will be excited to have all that time off. Two days later you will hear the dreaded statements, “I’m bored.” or “There is nothing to do.” We have a solution to keep your Cub Scouts from bugging you. Take them to one or more of our 12 Cub Day/Twilight Camps.

We are going on a Bug Hunt! This year’s Day/Twilight Camp theme is “Bug Hunters”. In addition to Archery, and BB guns, camp will be filled with many bug themed games and activities. Activities are different at each camp and may include Para-cord knot bugs, craft bead bugs, origami bugs, fly fishing demos and fly tying, guest speakers including entomologists and exterminators, and much more. Click the link for dates, locations, and registration information:
