Scouting In Person Status - 13 August 2020
Solano County - No In-Person Scouting
Yolo County - No In-Person Scouting

Yolano Scouters,

I hope that everyone is healthy and safe as we transition into a new program year in the midst of the ongoing pandemic. From now on, each email from me will have the In-Person Scouting Status featured prominently in the header. As soon as this status changes, you will receive a new email from me with the updated status.

I have received a number of questions regarding Eagle Scout projects and the ability to work on them. Exceptions cannot be made at this time to the In-Person Scouting rules. The Eagle candidate can be creative and find ways to work the project while families are not intermingling, and time extensions are being granted beyond the candidate’s 18th birthday because of the pandemic. Any questions about Eagle Projects and what can and cannot be done should be directed to the District’s Advancement Committee: advancement@ydbsa.org. I know this is a tremendous hassle, but it is necessary to keep everyone healthy and safe.

Yours in Scouting,

-David Grundler
