Leaders Guide

Updated 3/3/2022

In 1908 the Captain Scout, as he called himself, published his book, *Scouting for Boys*. It appealed to all the sense of adventure and love of open-air life which is so strong in youth. But beyond this it stirred those sentiments of knightly chivalry, of playing the game - any game - earnest or fun - hard and fairly, which constitute the most important part of the British system of education.

Success was immediate and far-reaching. The simple uniform, khaki shorts, and a shirt - within the range of the poorest - was founded upon that of General Baden-Powell's old corps, the South African Constabulary. The hat was the famous hat with the flat brim and pinched top which he had worn at Mafeking. The motto "Be Prepared" was founded on his initials. Almost immediately we saw at holiday times on the roads of Britain little troops and patrols of Boy Scouts, big and small, staff in hand, trudging forward hopefully, pushing their little handcart with their kit, and camping gear towards the woodlands and parklands which their exemplary conduct speedily threw open to them. Forthwith there twinkled the campfires of a vast new army whose ranks will never be empty, and whose march will never be ended while red blood courses in the veins of youth.

It is difficult to exaggerate the moral and mental health which our nation has derived from this profound and simple conception. In those bygone days the motto "Be Prepared" had a special meaning for our country. Those who looked to the coming of a great war welcomed the awakening of British boyhood. But no one, even the most resolute pacifist, could be offended; for the movement was not militaristic in character, and even the sourest, crabbiest critic saw in it a way of letting off youthful steam.

2022 Scout Camporee Program

Senior Patrol Leaders

SPLs may participate in events as a member of a patrol.

Patrol or Teams

Scouts will participate in the 2022 Scout Camporee as Patrols of not less than 4 Scouts and a maximum of 8. Each Patrol should be prepared to participate in the various challenges using basic Scouting Skills and Spirit.

Webelos Dens

Webelos will participate in the 2022 Scout Camporee as their normal Dens of any size. Each Den should be prepared to participate in the various challenges using basic Cub Scout Skills.

Staff

The 2022 Scout Camporee will be staffed by OA members throughout our district. Volunteers from each Troop/Team/Crew participating will also be needed to help run stations. Please contact the 2022 Scout Camporee Camp Director to inquire how your unit and/or adult leaders may help with the 2022 Scout Camporee. **It is required that each unit run at least one 2022 Scout Camporee event.**

Den/Patrol Flag Competition

Unit number and patrol name/den number need to be affixed to their flag. Flags/apparel will be judged throughout the day at each station and points awarded based on originality, complexity and spirit. Scores will be added to the Patrol Spirit Award.

Friday Night Laser Gauntlet – Patrols take turns being the invaders and defenders. Defenders choose two people from their patrol who are then blindfolded and stand with lasers (flashlights) ready for action. Invaders must approach quietly; they are not allowed to run. If they make a noise and are “flashed” with a laser, they’re dead and must sit down. Defenders win by killing off all invaders. Invaders win if they can tag defenders without being killed. Each defender is told they have ten shots. They must “shoot” an attacker with their laser (flashlight beam) to kill them. Once they have used all ten shots, they must sit down and turn their flashlight off. They have used all their energy supply and are dead. A shot consists of a single beam of light aimed at a specific target. Sweeping the light across the horizon randomly is not allowed. There is a time limit for each round. This is a game that stresses teamwork and using restricted senses for observation.

Dutch-Oven/Webelos Cooking Contest – The theme is "Breakfast"

Scout Dutch-Oven

The Camporee staff will sponsor a Dutch-Oven Cooking Contest. Scout pairs, Patrols, Scoutmasters may enter this event. Preparation may be done in the campsite **no earlier than Friday evening**, but the cooking is to be done in a designated area. Be prepared with your own supply of charcoal. Dutch Ovens and Dutch oven trays are required.

Webelos Cooking

Webelos Dens are not restricted to Dutch-ovens but may certainly use them if they have them available. Webelos Dens are allowed to use camp stoves and portable charcoal grills. Webelos Dens should be prepared to bring their own equipment and table(s) for the designated cooking area. Each Webelos Den participating should have a **minimum** of 3 Webelos and 2 adult leaders.

Submissions will be judged on quality, originality, use of the theme and presentation.

Patrol Spirit Award

Patrols will be evaluated throughout the day for spirit, cooperation, apparel, patrol flags. In order to qualify for the spirit award a patrol needs to volunteer for at least one Service Patrol Duty. And yes... we said duty... Also a Spirit Award recipient needs to perform a skit at the campfire.

Order Of The Arrow

The 2022 Campfire program will be the effort of the OA chapter within the Three Rivers District. The Order of the Arrow chapter, Teleeka Liwa will work with the SPLs to create the campfire program. To close out the campfire, the OA will host the Call-out Ceremony.

BSA Smoking Policy

Smoking is discouraged among adult leaders as a rule. Smoking is prohibited in all program areas, camp buildings. Smoking is discouraged in the presence of boys anywhere on the camp property.

Use Of Chemicals Fuels

For safety reasons, knowledgeable adult supervision must be provided when Scouts are involved in the storage of chemical fuels, the handling of chemical fuels, in the filling of stoves or lanterns or the lighting of chemical fuels.

Scouts should use flashlights or battery operated lanterns in camping activities, particularly in and around canvas tents. No chemical fueled lantern or propane stove is to be used inside a tent.

It is recommended that no liquid fuels be used. It would be best if units use propane or butane fuels only. However, kerosene, gasoline or liquefied petroleum fuel lanterns may be used for outdoor lighting. Strict adherence to the safety standards and instructions of the manufacturers in fueling and lighting such devices must be carried out under the supervision of a responsible and knowledgeable adult.

Both gasoline and kerosene shall be kept in well-marked approved containers (**never in a glass container**) and stored in a ventilated locked box at a safe distance (**minimum 20 feet**) from buildings and tents.

The use of liquid fuels for starting any type of fire is **prohibited**. This includes damp wood, charcoal and ceremonial campfires. Solid type starters are just as effective, are easier to store and carry, and are much safer to use for this purpose.

In Case Of Medical Needs

Units are expected to handle most minor injuries but a 2022 Camporee Medical Officer is on staff to handle other injuries and illnesses. Accidents, injuries and illnesses **MUST** be reported to the Camp Medical area. The 2022 Camporee Medical Officer is available day and night at the 2022 Camporee Headquarters. If you have an emergency, please notify any 2022 Camporee staff member right away.

Fire Plan: Fire Safety Is Everyone's Responsibility!

Fire prevention is the key to any fire plan and should be uppermost in the minds of every 2022 Scout Camporee staff member, leader and Scout. A healthy awareness of the potential for injury from a brush fire, down to the touching of a hot ember should drive home the need for fire safety.

NO tent material is fireproof, and it can burn when exposed to heat or fire. If using tents, please follow these rules:

1. Only flashlights and electric lanterns are permitted in tents. No flames in Tents is a rule in which must be enforced.
2. Chemical-fueled stoves, heaters, lanterns, lighted candles, matches or other flame sources should never be used in or near tents.
3. **DO NOT** pitch tents near open flames.
4. **DO NOT** use flammable chemicals near tents.

Always extinguish cooking stoves properly (police and pickup trash from fire site for disposal).

Units not following the 2022 Scout Camporee rules may be asked to leave
